## YEAR OF ENGINEERING

Along with the 200th anniversary of the founding of the Institution of Civil Engineers, 2018 is the Year of Engineering. This government campaign is aiming to inspire the next generation of engineers.

Both of these initiatives offer an opportunity to acknowledge the vital role Civil Engineers play in our society. Plymouth's inspirational structures demonstrate the impact that Civil Engineers have made in the City. They also highlight the huge contribution that engineering has made, and continues to make, across the world.

## WANT TO FIND OUT MORE ABOUT CIVIL ENGINEERS?

- Learn more about what Civil Engineers do and how you can become one: [www.ice.org.uk/](http://www.ice.org.uk/)
- Study to be a Civil Engineer with the University of Plymouth: [www.plymouth.ac.uk/schools/school-of-engineering](http://www.plymouth.ac.uk/schools/school-of-engineering)
